

Link your money to crypto

Romanian Startups in Industry 4.0 - April 2017

You do not control your own money.

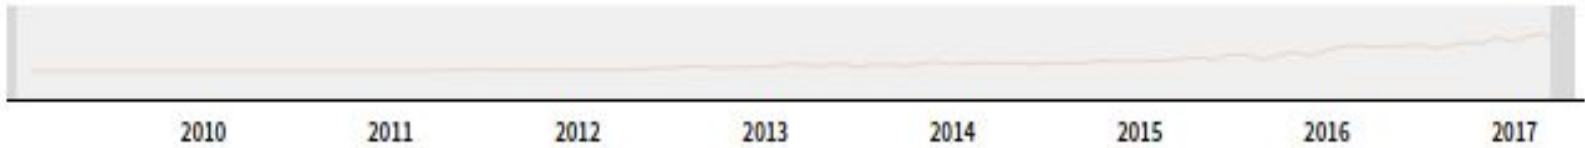

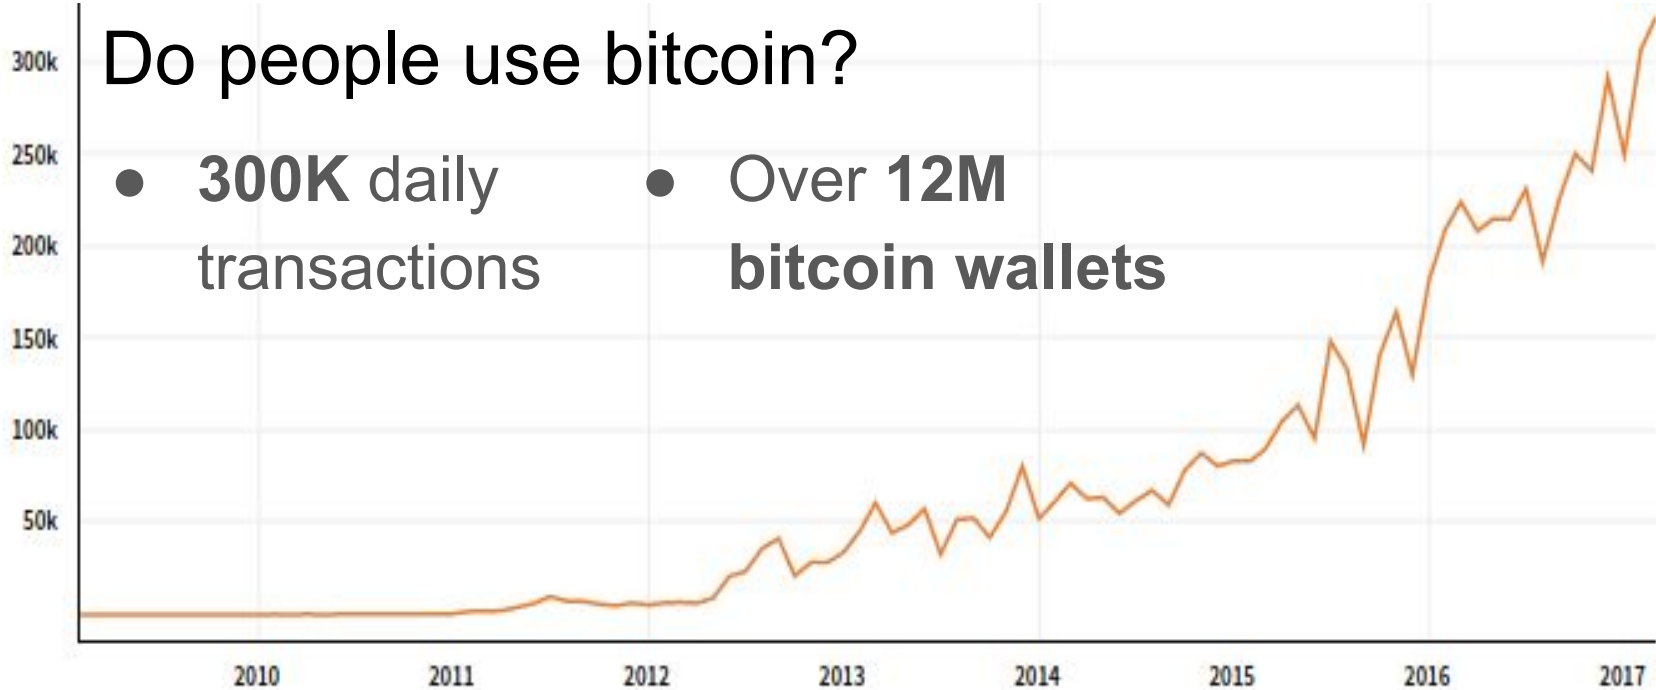

What is *bitcoin*?

- Open Source Internet money (payment method).
- Fully controlled by its users (decentralized).
- Secured through advanced cryptography (blockchain).
- Fast and cheap to use.

Do people use bitcoin?

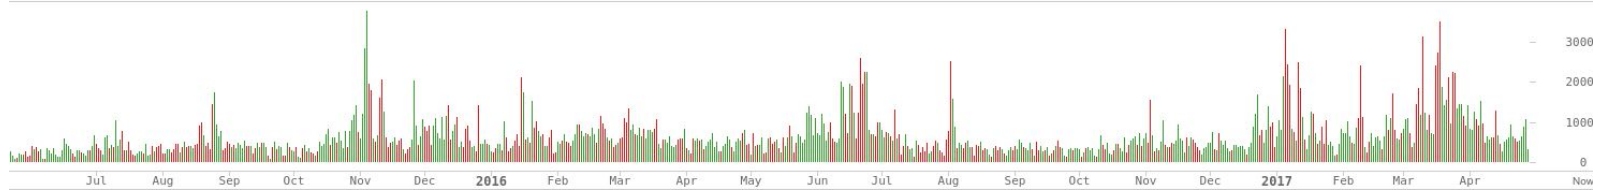

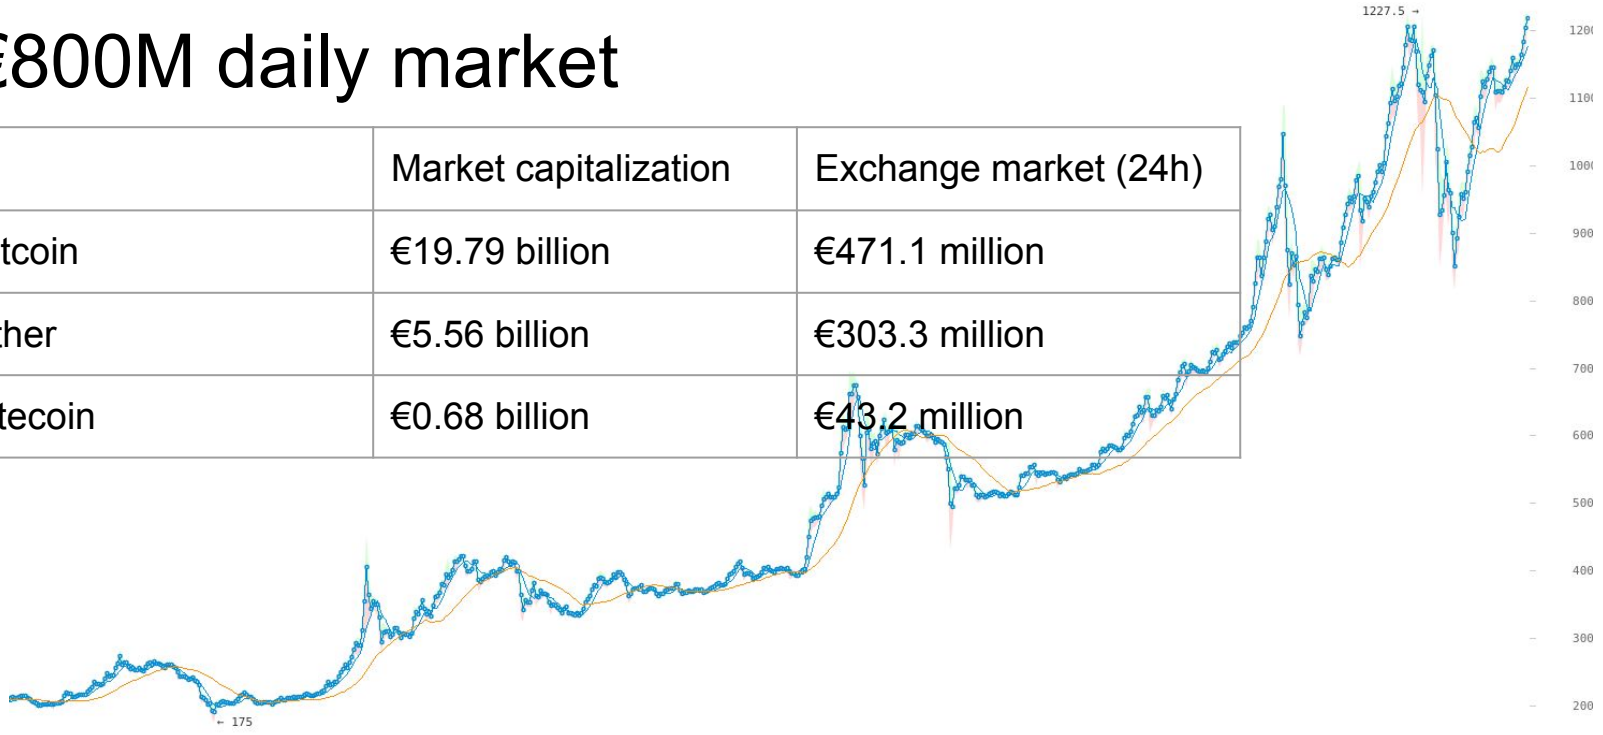

- **300K** daily transactions

- **Over 12M** bitcoin wallets

€800M daily market

	Market capitalization	Exchange market (24h)
Bitcoin	€19.79 billion	€471.1 million
Ether	€5.56 billion	€303.3 million
Litecoin	€0.68 billion	€43.2 million

Largest bitcoin and ether exchange in Romania

Websites	Company Website

500+ connections

- Previously best performing Fixed Income Portfolio Manager in Romanian private pension market, where he managed assets of 500M EUR for Aegon and Erste.
- Consultants: Coinfirm (compliance), Cabinet de Avocatura Florin Bulieris (legal), Danador (accounting), Customer Matters (marketing).
- Hiring: JavaScript developer, marketing specialist.

- Actuary for leading insurance company.

Easier to get into bitcoin and ether

Onboarding in minutes
instead of hours.

Easier, faster and cheaper to
buy or sell.

No risk of losing your coins.

Human support.

The future

Please regulate us

- Difficult to obtain basic banking services.
- Little interest in consumer protection, focus on AML/KYC
- Proposal from EC to EP stuck in EP since July 2016.
